INTRODUCTION

This report updates the portion of a previous NPIC report 1/ dealing with SSM Tracking Facility 8 and describes the new construction activity and significant changes at the facility from March 1967 through December 1968.

SSM Tracking Facility 8 (Figures 1 and 2) was first observed on Church Door photography in June 1962 and is located 13.5 nautical miles southwest of Launch Complex A. No security measures have been observed at the road-served facility.

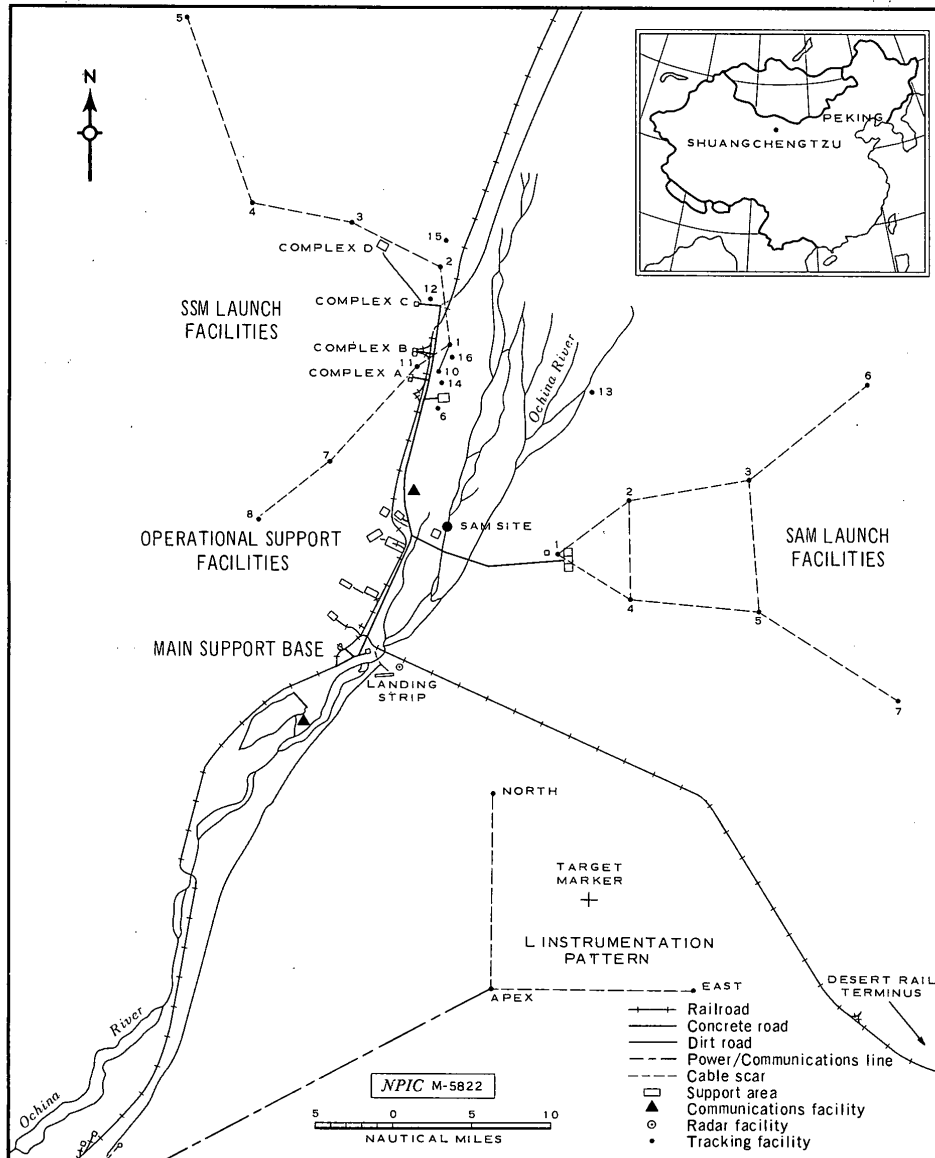

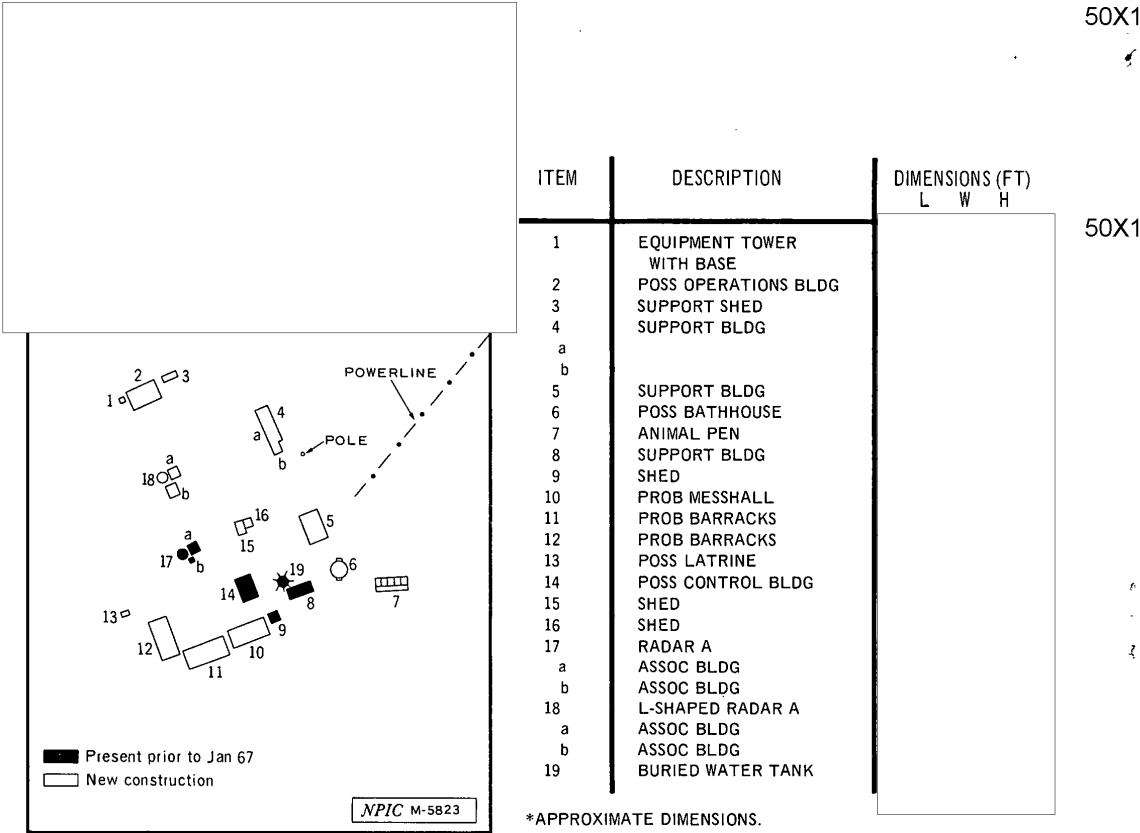

FIGURE 1. SHUANGCHENG TZU MISSILE TEST CENTER, CHINA.

BASIC DESCRIPTION

The facility was expanded between March and August 1967 by one Radar A and 13 buildings, making a total of two Radar A's and 17 buildings. No activity has been observed since August 1967.
